If you want to wear a single ring on your finger:

Use a ring that is similar to the one that you are buying, as your ring size can vary between a wide and a narrow ring shank.

If you want to wear stackable rings (multiple rings on one finger):

When buying multiple rings to wear as a stack, please consider that the rings should be one size bigger than your regular size.

Print out this page and place one of your rings against the circle.
When the circle and the internal ring diameter match, you have found your correct ring size.
Please note that printers vary and may not print to scale.

Check your print accuracy by making sure that the scale measures exactly 50mm.
